

2020 COPIC Humanitarian Award: Dr. Jennifer Tinguely

We are proud to announce that Dr. Jennifer Tinguely, a family medicine physician from Sioux Falls, was chosen as the first ever recipient of the COPIC Humanitarian Award in South Dakota. Dr. Tinguely is recognized for her passionate approach to health care, going above and beyond to voluntarily serve the health care needs of her community. The award was presented to Dr. Tinguely at the South Dakota Medical Association Annual Meeting in November.

Dr. Jennifer Tinguely is passionate about minority health issues and has been invaluable in sharing her expertise and commitment to the health of South Dakotans. In medical school, she worked as the class representative for the Sanford School of Medicine Minority Affairs Health Committee. Since completing her Family Medicine Residency in 2014, she has been the Chief Medical Officer for Falls Community Health, City of Sioux Falls. In this role, she has been responsible for planning, resource allocation, regulatory compliance, quality, and efficiency of medical services provided.

Dr. Tinguely was selected as the Young Physician of the Year by the South Dakota State Medical Association in 2016. She is a Gold Humanism Honor Society inductee and is a Delta Omega Public Health Honor Society Member.

Dr. Tinguely directly supervises Medical Students and Residents during their Community Health rotations at the Sanford School of Medicine.

It is evident that Dr. Tinguely is clearly dedicated to the promotion of care of the poor and disadvantaged in her community and around the region.

The Humanitarian Award recognizes physicians who go above the call of duty in their health care community. Dr. Tinguely has chosen Sioux Falls Area Community Foundation as the beneficiary of the \$10,000 grant associated with the award.
