(II) In the event that a licensed health care professional determines that a copy of any X ray, mammogram, CT SCAN, MRI, or other film is not sufficient for diagnostic or other treatment purposes, the health facility or entity shall make the original of any such film available to the patient or another health care professional or facility as specifically directed by the patient pursuant to a written authorization-request for films and upon the payment of the reasonable costs for such film. If a health facility releases an original film pursuant to this subparagraph (II), it shall not be responsible for any loss, damage, or other consequences as a result of such release. to release patient records of such diagnosis or treatment to a parent, guardian, or person other than the minor or his or her designated representative.

(2) All requests by a patient or the patient's personal representative for inspection of the patient's medical records made under this section shall be noted with the time and date of the request and the time and date of inspection noted by the attending health care provider or his or her designated representative.
